

Transactions Manager, Barcelona office

Accuracy is looking for a Transactions professional with 5-6 years' experience in audit, due diligence and/or M&A. The position is based in Barcelona, Spain, and will include extensive collaboration with other national and international Accuracy teams.

Profile and Requirements

- Degree in Finance and/or MBA
- 5-6 years of experience in audit, due diligence and M&A (optional)
- International mindset and entrepreneurial spirit
- Fluency in Catalan, Spanish and English – a fourth language, preferably French, is highly valued
- Strong interpersonal and communication skills and team spirit
- Curiosity, willingness to learn and continuously improve
- Analytical mind and clear structuring of complex ideas
- Finesse in report writing

Responsibilities and Duties

- Aims to autonomously manage a project of medium/high complexity (analysis, deliverable, time and budget)
- Structures analyses to be carried out by the team and efficiently reviews the quality of the work performed, including for (technical) consistency and completeness
- Identifies key issues arising during an engagement independently and develops his/her own solutions relating to main project issues or risks
- Summarizes findings to the client/partner or director
- Structures and drafts reports autonomously (or report sections on large engagements)
- Actively coordinates less experienced team members and reports to the engagement partner/ director
- Manages client expectations and communications, including the engagement partner/ director where required
- Actively provides support in training of analysts and associates on internal/external technical standards and industry developments.
